

# Medical Transportation Benefits

First Nations Health Authority  
Health through wellness

**The Medical Transportation Benefit is intended to help you access medically necessary health services not available in your community of residence.**

**This may include coverage towards the cost of travel, meals, and accommodation. If you need help getting to or from your appointments, your Medical Transportation Benefits may also cover the cost of an escort to travel with you.**

## What my plan covers

You can access Medical Transportation Benefits for travel to access health services, including the following:

- Services eligible under First Nations Health Benefits (e.g., dental, vision, etc.).
- Medical services covered by the BC Medical Services Plan or a public health agency (e.g., cancer related travel).
- Publicly funded diagnostic tests and preventative screening programs.
- Traditional healers, if approved as an Exception.
- First Nations Health Authority funded Treatment Centres for substance use, recovery, and trauma programs.
- Witnessed ingestion of Opioid Agonist Treatment.

## What my plan does not cover

Some types of travel that are not covered include, but are not limited to:

- Travel back to your community of residence if you become ill during non-medical related travel.
- Travel to pick up prescriptions, glasses, or medical supplies and equipment that do not need to be fitted (e.g., off the shelf braces).
